BINGO

Materials

- Bingo board (each student needs)
- List to choose from for bingo board (each student needs or it can be projected/shared)
- Clues (only one needed)
- Writing utensil
- Breed Infographics

Procedure

1. Have each student pick out 24 of the 80 breeds listed to fill in their bingo board
2. Read off clues one by one and have students fill in their bingo boards. Students may use the breed infographics to refer to in order to ensure they are marking the correct answer on their bingo board.
